# OKLAHOMA STATE UNIVERSITY

# INDUSTRIAL TRAINING AND ASSESSMENT CENTER

## Energy Assessment Application

Company Name: _____

Standard Industrial Classification (SIC) code (if known): _____

North American Industry Classification System (NAICS) code (if known): _____

Street Address: _____

City _____State: _____

Contact Person's Name & Title: _____

Contact Phone: _____Contact Email: _____

Total # of Employees: _____Principal Product or Service:_____

**Annual Total Utility Expenses (electricity, water, wastewater, gas): $ _____**

Approximate Annual Sales/Gross Revenue at this site: $ _____

NOTE: The Department of Energy (DOE) asks for this so they can analyze data across multiple companies across the United States. Your company name is not associated with this revenue estimate in the DOE database. If this information cannot be provided, please leave it blank.

Labor Rates for site improvements (construction, plumbing, electrical, HVAC, etc.): $/hr: _____

NOTE: We use Labor Rate data to estimate labor implementation costs for our recommendations.
If you use a blend of internal and external labor, please provide a weighted average rate/hour.

Please list any specific areas of concern or special requests you'd like us to assess or discuss?

_____

**HOURS of OPERATION**

**Office:**

Hours per day: _____ From:_____To: _____

# of days/week: _____Number of weeks per year: _____

**Non-Office (typically manufacturing areas):**

Hours per day:_____From:_____To: _____

# of days/week:_____Number of weeks per year: _____

**BUILDING SIZE**

Total Building Size: _____ $ft^2$

## LIGHTING

**Lighting General Summary (If you don't have the Light Counts, we'll perform a lighting survey on-site.). You can send this as a separate attachment if needed:**

| Area: (Entry, Production, Warehouse, Lab, Office, Exterior) | Type: (LED, Fluorescent, Metal Halide, High Pressure Sodium…) |
|---|---|
| | |
| | |
| | |
| | |
| | |

## COMFORT HEATING and COOLING

**Split Systems, Packaged Units, Ductless Mini-Splits, Geothermal**:

| Name / category / type / model number of unit | Location/ Area | No. of Units | Estimated Age (yrs.) | Capacity/ size | High Temp. Setting (°F) | Low Temp. Setting (°F) |
|---|---|---|---|---|---|---|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

Do you have a filter replacement program (internally or contracted service)? _____YES _____NO

If yes, how often is this done? _____

**Boilers:**

| Name / category / type / model number of unit | No. of Units | Capacity/Size (MMBtu/hr or hp) | Operating pressure or temperature | Estimated Age (yrs.) |
|---|---|---|---|---|
| | | | | |
| | | | | |
| | | | | |

Do you have a boiler maintenance program? _____YES _____NO

If yes, how often is this done? _____

**Chillers/Cooling Towers:**

| Name / category / type / model | No. of Units | Estimated Age (yrs.) | Capacity/ size | Temp. in (°F) | Temp. out (°F) |
|---|---|---|---|---|---|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

## BUILDING CONSTRUCTION

**Insulation:** Exterior Wall material: _____

Insulation in walls: _____YES _____NO

If 'YES', type of wall insulation material:_____

Insulation thickness:_____inches

Roof material: _____

Insulation on roof: _____YES _____NO

If 'YES', type of roof insulation material: _____

Insulation thickness:_____inches

## MISCELLANEOUS

Waste Generation, Recycling, and Other Related Information:

_____

## SITE VISIT REQUIREMENTS

Parking instructions, citizenship, passport, driver's license, etc.:

_____

## ****** COMPLETE FOR MANUFACTURING PLANTS ONLY ******

### MANUFACTURING OPERATIONS

Inputs: Raw Material_ (what you bring into your site) yearly:

Qty: _____ Units: (pcs., lbs., gals., assemblies, etc.) _____

Outputs: Finished Goods (what you ship from your site) yearly:

Qty: _____ Units: (pcs., lbs., gals., assemblies, etc.) _____

Waste (other than wastewater): (what you send for disposal) yearly:

Qty: _____ Units: (pcs., lbs., gals., assemblies, etc.) _____

### MANUFACTURING FLOW DIAGRAM

Please provide a high-level brief description or flow diagram below or attach a flow diagram to the email when you return this form. (Receiving raw material to shipping of finished goods.)

## MANUFACTURING EQUIPMENT and SYSTEMS

**Major Non-Heating/Cooling Equipment at your site: (excluding boilers, air compressors, & chillers – these are covered in other sections)**

| Name / category / type / model number | No. of Units | Capacity/size | Estimated Age (yrs.) |
|---|---|---|---|
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |

**Air Compressors:**

| Name / category / type (screw, reciprocating, centrifugal) | No. of Units | Size (hp) | Estimated Age (yrs.) | Operating max. pressure (psig) | Required minimum plant pressure (psig) |
|---|---|---|---|---|---|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

Do you have a compressed air leak detection and repair program? _____YES _____NO

If yes, how often is this done? _____

Do you have variable frequency drives (VFDs) on your compressors? _____YES _____NO

**Motors**:

| Name / category / type / model number of unit | Location /Area | No. of Units | Estimated Age (yrs.) | Size (hp) |
|---|---|---|---|---|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Do you have variable frequency drives (VFDs) on your motors? _____YES _____NO

## SAFETY and OTHER SITE VISIT REQUIREMENTS

Safety requirements (check if required):

Steel-Toe Shoes ____YES ____NO

Safety Glasses ____YES ____NO

Ear Plugs ____YES ____NO

Hard Hats ____YES ____NO

Other Safety Requirements:

_____
